About This Content

The Path Home follows the end of Shadow of the Tomb Raider, with the dust having settled and the battle over. However, when allies go missing, Lara must search ancient tunnels to try and find them. Lara's new journey features a brand-new challenge tomb, which contains a secret that's been hidden for ages. The Path Home features new customization options with the Midnight Sentinel outfit, the Silver Strike bow, and the Magic Touch skill, which allows Lara to use fewer resources to craft when on the run.

Finally I can uninstall this game now it's all done and finished. Sooooo much content cut from the main game, its stupid. I've decided I won't be purchasing any further entries in the series, Tomb Raider 2013 and Rise of The Tomb Raider were quite great with the latter being the best of the 3 In my opinion. I've played enough Tomb Raider.

About this DLC, it's quite short (like all of them), exploration and level design isn't amazing and the tomb just leaves me wishing for more.
